LLUÍS BARBA

Biografía

“Intento reconstruir mi propia realidad virtual, del mismo modo en que siempre imaginé lo que sería estar en el interior de una obra de arte realizada por un maestro del pasado y considerada pieza histórica. Por ello incorporo tanto personajes contemporáneos famosos así como “turistas”, a quienes pienso como visitantes de esas escenas dentro de dichas obras maestras, no con la intención de generar un movimiento invasivo sino creando una relectura subjetiva del arte del pasado.

Las celebridades por su parte, muestran el contraste entre lo frívolo, lo glamuroso y lo banal en contraposición con el arte, el pensamiento y la cultura. Incluyo algunos personajes marginales, como vagabundos sin techo, explotación infantil, violencia... evidenciando las dos velocidades que existen en nuestra sociedad.

Pienso que es importante no perder nuestras raíces / nuestra memoria histórica; sin los maestros del pasado no hubiésemos logrado crear las obras que somos capaces de hacer hoy en día...”
